SUMMARY

IT student at Otago Polytechnic Auckland with hands-on experience building and deploying real web applications. I enjoy solving problems, learning new technologies, and working with a team. Currently looking for part-time IT work, an internship, or junior roles in web development, IT support, networking, or databases while completing my degree.

EDUCATION

Bachelor of Information Technology

Otago Polytechnic Auckland International Campus (OPAIC) | Expected Graduation: 2028

TECHNICAL SKILLS

Web Development: React.js, JavaScript, HTML5, CSS3, Firebase, Vite, REST APIs, Responsive Design

Networking: TCP/IP, Network Topologies, Protocols, LAN/WAN Basics, OS Concepts

Databases: Firebase Realtime DB, SQL, Database Design, CRUD Operations

Tools: Git, GitHub, Agile/Scrum, Version Control, Deployment, Hosting

IT Support: Hardware & Software Troubleshooting, Documentation, Systematic Problem Solving

PROJECTS

Personal Portfolio Website

subediyush.com.np

- Built and deployed my own portfolio website entirely from scratch
- Set up custom domain, hosting, and performance optimisation end-to-end

Trekking Business Website

- Developed and deployed a live commercial website for a tourism business
- Improved SEO, added review integration, and handled custom domain setup via GitHub

SmartHub – Service Request System

Team Project — Otago Polytechnic Auckland

- Worked in a team using Git branching and Agile sprints to build an admin dashboard
- Practised code reviews, collaborative development, and iterative delivery

WORK EXPERIENCE

Retail Assistant – Major Fill & Replenishment

Woolworths Mount Eden, Auckland

- Deliver friendly and efficient customer service in a busy supermarket environment
- Handle POS and EFTPOS transactions accurately during high-traffic periods
- Assist with stock replenishment, shelf organisation, and maintaining store standards

Retail & Customer Service Assistant

Habibi Café & Convenience, Auckland

- Provided fast, friendly service in a high-paced café and convenience store setting
- Handled POS transactions, food preparation, and daily cleaning and restocking duties

Assistant Store Manager

Pokhara Trade Mall, Pokhara, Nepal

- Supervised staff and managed daily store operations in a high-traffic retail environment
- Handled cash balancing, trained staff, and ensured hygiene and safety standards

STRENGTHS

- Fast learner who picks up new tools and technologies independently
- Reliable and consistent, shown by strong attendance and on-time delivery of coursework
- Good communicator with experience working in customer-facing and team environments
- Comfortable working under pressure and managing multiple tasks at once

AVAILABILITY

Available part-time while studying, or full-time for internships and holiday periods. Based in Auckland and holds full right to work in New Zealand. Open to roles in web development, IT support, networking, databases, and cybersecurity.
